SUMMARY

Full-stack software engineer with **2+ years of experience** building and leading **production-grade web applications** using **React**, **Node.js**, and **AWS**. Proven experience delivering **government and enterprise platforms**, including payment systems, lead management pipelines, and high-volume workflows. Strong in end-to-end ownership, problem-solving, and on-time delivery.

EXPERIENCE

SRV Infotech   Nov 2023 – Present
Full Stack Developer   *Kerala/India*
- Led end-to-end development of multiple **production web platforms**, including **government digital systems**, using React, Node.js, and MongoDB.
- Owned project delivery as **Project Lead**, coordinating stakeholders, gathering requirements, and managing multiple parallel projects without delivery delays.
- Designed and implemented scalable **REST APIs** and optimized database queries for high-volume usage.
- Applied best practices in **security** and **performance optimization** to ensure reliable and maintainable systems.
- Mentored junior developers, conducted code reviews, and provided technical guidance across projects.

PROJECTS

KSEB PM E-DRIVE | *Full Stack Developer, Project Lead*   Live: pmedrivekerala.kseb.in
- Led development of a **state-level EV subsidy and charging infrastructure platform** for Kerala's nodal agency.
- Built secure onboarding, document verification, and approval workflows for EV service providers.
- Designed admin systems for validation, compliance tracking, and scheme approvals used in real-world operations.

ASAP Career Link | *Full Stack Developer, Project Lead*   Live: careerlink.asapkerala.gov.in
- Built and led a **government-backed job and internship platform** serving **14,000+ candidates** across **125+ colleges**.
- Designed and implemented a scalable **CRM system** for employers, colleges, and candidates.
- Optimized backend workflows to handle high-volume applications and screening processes.

Additional Skill Acquisition Programme (ASAP) | *Full Stack Developer*   Live: csp.asapkerala.gov.in
- Contributed to a Kerala government learning platform generating **23,000+ leads annually**.
- Designed and implemented a secure **finance and payment module** with audit-safe workflows.
- Integrated **Razorpay**, processing **70M+** in transactions.

Medcity International Academy | *Full Stack Developer, Project Lead*
- Led end-to-end systems for admissions, study abroad, and placement operations, managing **25,000+ leads** and **80M+** in payments.
- Built automated workflows for admissions, visa processing, offer letters, and placements.
- Integrated **Meta (Facebook) Leads and Marketing APIs** using webhook-based ingestion to automate CRM lead capture and conversion tracking.

SMOTPRO | *Full Stack Developer, Project Lead*
- Led development of a multi-division sales and operations platform across documentation, travel, finance, and housing services.
- Integrated **Meta (Facebook) Leads API** and **WATI (WhatsApp) Leads API** to capture, normalize, and route inbound leads into internal CRM systems in real time.
- Built automated lead pipelines combining **Meta**, **WATI**, **JustDial**, **IVR**, and **TripCrafters**, increasing lead acquisition to **500+ leads per week**.
- Implemented secure payment workflows using **PayU** for transaction processing.

SRV Infotech | *Full Stack Developer, Project Lead*
- Built a comprehensive **staff and project management system** supporting **500+ clients** and managing **650+ projects in total**.
- Designed task tracking and reporting modules to improve team productivity and visibility.
- Developed a full-featured **HRMS** for attendance, leave, and work-hour tracking.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, SQL (MySQL), MongoDB
Frontend: React, Angular, NgRx, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Cloud & DevOps: AWS (EC2), Firebase, Docker, CI/CD
Payments & Integrations: Razorpay, PayU, Meta (Facebook) Leads API, Twilio IVR, JustDial, Cloudinary
Tools & Practices: Git, Clean Architecture, SOLID Principles, Data Structures

Education

Manipal University

Bachelor of Computer Applications (BCA)   *2024 – Ongoing*
